

Insight Network Logistics and ShipCarsNow To Host Charity Golf Outing September 28 to Support The Dempster Family Foundation

Auburn Hills, Mich., September 1, 2010 -- Insight Network Logistics and ShipCarsNow are teaming up to hold their first annual charity golf outing to benefit The Dempster Family Foundation September 28 at the Sylvan Glen Golf Course in Troy, Mich. [The Dempster Family Foundation](#) is dedicated to raising awareness of 22Q Syndrome, also known as DiGeorge Syndrome, which is one of the most common yet least-diagnosed birth defects.

Golfers and local business sponsors are needed to make the fund raiser a success. Businesses can sponsor a hole or donate a gift for the prize raffle. [Click here](#) to register. Questions can be directed to Anne Dwyer by phone at (248) 340-8548, or e-mail at atdwyer@insightnl.com.

Insight Network Logistics and ShipCarsNow chose The Dempster Family Foundation as the recipient of their fund raising event because an employee's son was recently diagnosed with 22Q. Caused by a missing section of chromosome 22, which is present from the time a child is conceived and is generally found in every body cell, 22Q Syndrome occurs in approximately 1 in every 4,000 live births. It is thought to be almost as common as Down Syndrome. For more information on 22Q Syndrome, visit www.22Q.org.

Members of LEAD (Lead, Educate, Achieve and Develop), an Insight Networks Logistics and ShipCarsNow employee resource group, are organizing the golf outing.

###

About Insight Network Logistics (INL) -- Insight Network Logistics is a wholly owned subsidiary of Union Pacific Corporation, with primary operations based in Auburn Hills, Michigan, USA. INL was formed in 2001 through collaboration between DaimlerChrysler Corporation and Union Pacific Corporation to deliver total visibility and greater control of the automotive distribution process from plant to dealer. INL functions as an auto-centric provider of logistics services and on-demand technology like VinVision. INL currently operates as a lead logistics provider for the Chrysler Group, providing management services, control and visibility of nearly two million Chrysler Group vehicles distributed annually across North America.

About ShipCarsNow – ShipCarsNow is a subsidiary of Insight Network Logistics and part of the Union Pacific Corporation. Formed in 2006, ShipCarsNow was created to provide the used car industry with affordable multimodal auto shipping services. The company brings nationwide transportation resources and technology to the auto remarketing industry as a natural extension of Insight's logistics and transportation operations for new car distribution. ShipCarsNow.com provides used car shippers (e.g. auto manufacturers, auto auctions, dealers, finance companies, fleet operators, etc.) with a fast and easy way to book affordable vehicle transportation online. For more information, visit <http://www.ShipCarsNow.com> or contact ShipCarsNow Toll Free (866) 207-3360.

About LEAD - LEAD (Lead, Educate, Achieve and Develop) is a Union Pacific women's initiative whose mission is to foster an environment that increases opportunities for women to be recruited, retained and advanced as leaders as well as provide opportunities to make a difference through professional programming, personal development, mentoring and community involvement.
